Alf Cosson, the genial and efficient operator who has been stationed at the local Western Union office the past two years, has been transferred to Memphis and left here on Tuesday afternoon for the above named place to assume his duties in the new field. This is a merited promotion for Mr. Cosson and we join with his many friends here in wishing him unbounded success in his chosen vocation.

LARGE CROWD AT LABOR MEETING SATURDAY NIGHT

Several hundred ladies and gentlemen were out to hear the speakers at the labor meeting last Saturday night, and good time was evidenced by all present. Several speeches were made, and Mr. Barrett's speech was read. The city is now nearly organized in all trades and will soon feel the benefit of its organization.

ERWIN'S POTTERY PLANT APPROACHING COMPLETION

By January 1 the Southern Pottery of Erwin, Tenn., is expected to be completed for the manufacture of plain and decorated high-grade semi-porcelain dinnerware. This \$350,000 company is building in accordance with details heretofore announced, and will have a seven-kiln equipment costing \$71,000. The building is one-story high, and of brick construction, covering an area of 81,000 square feet. It will have three bisque kilns 18 feet in diameter, four glaze kilns 16 1/2 feet in diameter and three decorating kilns.

E. J. Owen, vice-president and general manager of the company, advises the Manufacturers Record that his company's plant will be the first for pottery ware manufacture to be erected in the South.

A FLAG OVER EVERY SCHOOL

Many of the city schools and some country schools keep our country's flag waving above their building or over the playgrounds. This is a commendable practice and should become general.

The Stars and Stripes, our national emblem, should mean much to every American. It stands for the best things of our country, equal rights to all, equal opportunity for everyone, the privilege of self-government, and for human liberty in the Western hemisphere. For these principles patriots in the past have bled and died, and this memory makes the flag more treasured and more worthy of reverence. Now the duty falls on every American of keeping the flag true to these same ideals and of protecting it from any encroachments from the outside.

A flag over every school house will help in fostering the spirit of patriotism that has been let go to sleep in many hearts. It is there still and can be aroused. The waving of the Stars and Stripes and national music help to quicken the patriotism. The teacher and pupils catch the spirit and it pervades their work.

More patriotism is needed as much in time of peace as in preparation for possible war that we hope will never come. It is needed to stimulate men to stricter observance of law and to the fuller realization of the principle embodied in the Constitution, that guarantees equal rights to all and special privileges to none.

The flag need not be expensive, but it should be over every school every day. Let the duty of raising and lowering the flag be shifted so that many will have the honor during the school session. It will not be long until each boy will begin to look forward eagerly to the day when it will be his time to take care of the flag. This early interest in the flag will help make a better citizen of him when he becomes a man.—Southern Agriculturist.

A CLOGGED UP SYSTEM MUST BE CLEARED

You will find Dr. King's New Life Pills a gentle yet effective laxative for removing impurities from the system. Accumulated waste poisons the blood; dizziness, biliousness and pimply, muddy complexion are the distressing effects. A dose of Dr. King's New Life Pills tonight will assure you a free, full bowel movement in the morning. At your Druggist, 25 cents.

THE REVIVAL CONTINUES AT CHRISTIAN CHURCH

Interest continues in the revival meeting at the Christian church under the direction of Evangelist Clayton S. Brooks, of Portsmouth, Ohio, and Singer Fred E. Warner, of Danville. The services are now well into the third week and the attendance has except on one or two occasions been really better than was expected. At nearly every service the auditorium and Sunday school room have been practically filled and at nearly every meeting some have been seated in the gallery. With the political pot boiling and the election upon us, an unusual number of social functions and the usual things which tend to distract from such a meeting the attendance has been remarkably regular. Even Hallowe'en made little if any difference save with the young people.

Dr. Brooks has been preaching straight from the shoulder sermons and no one who has heard him has gone away with any question as to what he meant in his addresses. He is not sensational nor does he use any sensational methods in reaching results, but he does come out flat-footed for his convictions and backs all his statements with the Bible.

The music under the direction of Mr. Warner is getting better each evening. The new songs which he has introduced have caught the hearts of the people and those in the audience are practically all singing as best they can. There is an inspiration in the singing which goes into the blood. Mr. Warner's songs are also being well received as he carries the gospel message in song to the hearts of his hearers.

The services will continue at least over next Sunday, and should the interest grow sufficiently possibly longer. But the evangelists are booked to open at Marshall, Mo., on Sunday morning, Nov. 12, and will require at least sufficient time for a few days rest and to make the next engagement.

The program as arranged until Sunday night is as follows:

Thursday evening—sermon, "The Wages of Sin." Solo by Mr. Warner, "The Sinner and the Song." At this service Mrs. Ferguson will sing a special number.

Friday evening—"What Church Shall I Join?" Solo, "He Loved So Tenderly." As a special number Mrs. Barker will sing by request, "The Holy City."

Saturday evening—"Modern Amusements." Solo, "Better Than I Know." There will also be a number of special musical and literary numbers as this is a service especially for young people.

Sunday morning—"What an Unbeliever Must Believe." Solo, "Clinging Close to His Hand."

Sunday, 3:00 p. m.—A political lecture to men on "Political Corruption." Solo, "Is Thy Heart Right With God." Sunday, 7:00 p. m.—"The Possible and the Impossible in Salvation." Solo, "You Must Do Something Tonight."

In addition to the musical numbers on the program it is expected that each service there will be additional numbers, such as male quartet, mixed quartet, cello, violin or cornet solos, etc., and the music is being made a great feature.

A most cordial invitation is extended to all to attend the meetings. Including the Tuesday night meeting the membership of the church has been increased seventy-five since the special service began.

We believe that it is the duty of every man who has, or expects to have, a family, to carry some life insurance. Not a great amount necessarily, but enough to give his family a fighting chance if he should suddenly be called away.—Southern Agriculturist.

SMALL FIRE AT THE WHITE CITY LAUNDRY

Wednesday night about 9:30 passersby discovered a fire in the White City Laundry, on West Main street, and turned in an alarm, but before the fire department reached the scene it had been extinguished. The fire is supposed to have originated from rats getting to a box of matches in a desk. Very little damage was done.

RESULTS TELL

There Can Be No Doubt About the Results in Johnson City

Results tell the tale. All doubt is removed. The testimony of a Johnson City citizen.

Can be easily investigated.

What better proof can be had?

Mrs. Annie E. Dinkle, 609 W. Main St., Johnson City, says: "My back was in such bad shape that I could hardly get around and I had severe pains in my sides. I was subject to dizzy and nervous spells and the kidney secretions contained sediment and were irregular in passage. Nothing did me any good until I procured Doan's Kidney Pills from the White-house Drug Co. In three or four days, they removed the misery in my back and continued use fixed me up in good shape."

Mrs. Dinkle gave the above account of her experience in the December, 1910, and on March 10, 1915, she said: "I have never had need of Doan's Kidney Pills since I previously recommended them. The benefit they brought me has lasted."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Dinkle has twice publicly recommended. Foster-McMuburn Co., Props., Buffalo, N. Y.

Babies don't mind cold or take cold if kept well with Dr. Fahrney's Teething Syrup. Get it anywhere. Sample free.

Arbitration

is the twentieth century means of settling disputes.

In time, Arbitration should supplant war in deciding differences between great nations. Acceptance of the principle of Arbitration will render great industrial strikes impossible—and even minor differences will come to be settled by this means. Impartial judges can be counted upon to render fair decisions.

To impartial judges of roofing, we will always be willing to leave decision as to the comparative merits of roofings, confident that intelligent investigation will result in a decision for

Certain-teed Roofing

An investigation into methods of manufacturing would show that only the best quality of roofing felts is used in CERTAIN-TEED roofing. This is thoroughly saturated with a blend of soft asphalt—the formula of the General's Board of Expert Chemists. It is then coated with a blend of harder asphalt, which forms an impervious coating and prevents the inner saturation from drying out.

This explains why CERTAIN-TEED outlives ordinary roofing, and why it is possible to guarantee it for 5, 10 or 15 years, according to ply (1, 2 or 3). The responsibility of the world's largest manufacturer of roofings and building papers is behind this guarantee; which is conservative, as experience proves that CERTAIN-TEED outlives the period of guarantee.

The General makes one third of America's supply of asphalt roll roofing. His facilities are unequalled, and he is able to produce the highest quality roofing at the lowest manufacturing cost.

CERTAIN-TEED is made in rolls; also in a slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.
